Important Exam Ordering Reminders

- Diagnostic testing orders must contain the following:
 - Patient's Full Legal Name
 - Patient's date of birth and/or SSN as a second identifier
 - Date of Order
 - Exam requested/CPT code
 - Reason for exam (Signs & Symptoms) / ICD-10 diagnosis code
 - Provider signature or authentication – rubber stamps are not permitted
- A complete History and Physical (H&P) dated within 30 days pertaining to the exam ordered is required for all invasive exam requests including, but not limited to, biopsy, paracentesis, thoracentesis and bronchoscopy.
- For MRI, CT and other contrasted exams, patients 60 years and older, and/or those with diabetes, liver, or renal disease are REQUIRED to have a BUN and CREATININE within 30 days prior to exam. Additional order should be provided if labs are to be drawn prior to exam.
- Plain film X-Ray, lab work, and EKG's can be performed on a walk-in basis. Appointment not required. Order can be faxed or sent with patient.
